

# FROM REFUGEE TO ENTREPRENEUR

Erasmus + project n.: 2019-1-DE02-KA202-006071

The last REFENT meeting took place on August 6, 2021 in the beautiful city of Bratislava. The partners reviewed and reported on the results achieved in the successful implementation of the project goals. Despite the challenge of COVID-19, numerous individual meetings with stakeholders were held in each partner country. As a result, information was collected on policies and good practices related to the promotion and training of entrepreneurship among migrants in Germany, Slovenia, Slovakia and Austria, which were summarized in a special project Catalogue "Support for Refugee Entrepreneurs".

An interactive E-Platform was created which provides a database of initiatives, projects and materials. This set off information is a valuable tool to support various stakeholders promoting refugees' entrepreneurial careers.

Additionally, the collected good practices are also accessible through an interactive Forum. With these accomplishments a ground stone is laid to foster refugee entrepreneurship European-wide.
